A Word to Republicans.

The hope of the party lies in the expansion of a stalwart Republican press. The Republican who reads or otherwise helps to support a Democratic paper to the exclusion of one of his own party newspapers is untrue to the Republican cause.

Unanimously subscribed to by the National Republican League.

J. S. CLARKSON, President.
A. B. HUMPHREY, Secretary.

THE LEDGER is the largest daily paper printed in Maysville—count the columns and measure their length. It gives you more reading matter than any other. It is sold at the same price as any other Maysville paper—one cent a copy or 25 cents a month, delivered by carrier or sent by mail. If you are looking for the most for your money, you can get it in THE LEDGER. Now is the time to subscribe—suppose you give it a month's trial.

SINCE election Free-traders have very little to say about strikes in this country. Of course the facts do not warrant a continuance of their campaign.

Where Labor Disturbances Abound, but that is no new condition. Evidence of their existence is not a whit scarcer now than last October. It is not the lack of facts which explains the Free-trader's subsidence. The purpose for which his anti-election canards were coined has been accomplished in the election of CLEVELAND. If another election were to be held next week, however, the Free-trade press would now be chronicling alleged wage reductions and idle workers in every town and city in the country, notwithstanding the unprecedented prosperity of the wage earner under Protection.

Things are different in Free-trade Britain. There continues after election the same abundance of news about strikes, idleness and woe among her working people with which we have been supplied for years. Democratic papers are necessarily confined to these English reports as their main source of supply for labor disturbances, and as purveyors of news, regularly chronicle them. The Sun recently informed its readers that a manifesto issued by the unemployed of London last week placed the number of men out of work in that city alone at 100,000. These, it is stated, have 300,000 women and children dependent upon them, making 400,000 on the verge of starvation. "It is chiefly due," the report goes on, "to the continued strikes in all trades during the last three years, which have driven tons of shipping into the hands of foreigners, displaced 20,000 men, cost the workmen of London £952,000 in wages alone and proved the greatest curse that ever visited London."

That is labor's condition in the home of Free-trade, and it will be the condition of American labor here if the victorious Democracy carries out its pledge to inaugurate the British system in the United States.

The Cincinnati Post published an article in which it called JAY GOULD the meanest thief the Union has ever known, on account of his manner of squeezing the life out of other men's fortunes. But, with all his meanness, no one ever heard of JAY GOULD attempting blackmail by claiming pay for work that was not authorized and some of which was not performed.

MARTIN & RHEVES of Fern Leaf have bought from 40,000 to 50,000 pounds of tobacco so far this season, at an average of about ten cents.

REV. P. H. MCGUFFEY of Nicholasville has declined the call to the pastorate of the Christian Church of this city and will devote his time to evangelistic work.

JOHN F. SHERIDAN possesses merit as a comedian and the company which supported him last night contains some clever people. It is to be regretted that they were not greeted by a larger audience. The performance was good and the specialties incidental were very entertaining.

REV. GEORGE L. ROGERS, the oldest divine in the state and probably the oldest pensioner in the United States, died at his home in Louisville from injuries received several days ago by his clothes catching fire. He was 99 years of age and fought in the Mexican War. He was a Minister of the Methodist Church.

DR. CARRICK of Lexington, while driving on East Short street, was severely shocked and had his horse, a fine trotting stallion, instantly killed by a live electric light wire lying in the street. The animal stepped on the wire, and the Doctor, in trying to assist the horse to arise, received a shock in his left side and arm, but no serious results are feared.

The Emerson Piano.
These instruments have enjoyed a high reputation for more than forty years. Are Brilliant and Musical in Tone, and afford a most beautiful accompaniment to vocal music—the tone having the rare sympathetic quality which blends admirably with the human voice. They are durable, being constructed of the Best Materials, by the Most Skillful Workmen. They have earned an especial reputation for Keeping in Tune, and also for retaining in a most remarkable degree their original fullness of tone—never growing thin or wiry with age. The Emerson Upright Pianos especially have obtained a remarkable success during the past few years, and have invariably received a high award wherever exhibited. In all the essential qualities of a First-class Instrument they are second to no piano manufactured in the country.
